Info

G O L F A I R

Golf Air offers all-inclusive, luxury Golf Air Safari's, inclusive of private excursions throughout Southern Africa. The Golf Air Team caters to every need when it comes to their clients as it is a bucket list experience and we aim to create memories to last you a lifetime. Alwyn is a PGA Golf Professional and also one of the flight crew members and Rozelle takes care of operations, logistics and communication. You'll find the Golf Air team on the ground, taking care of you throughout the whole of your journey. It was a big dream of theirs to combine both their skill sets, their absolute love for aviation, tourism, conservation and the drive for the game of golf into one tailor-made product. They both have a prodigious passion for people. Golf Air is a beautiful marriage of the game, the people that play it, Safari in Southern Africa and luxury Air Travel through Private Aviation.

Fly to the top rated golf courses in style.

Your Aircraft

The aircraft is yours for the duration of the journey. No check-in times and ultimate comfort. Your crew will be waiting for you after your luxury road transfer, where you'll be able to just walk onto the aircraft. With remote runways close to the destinations and top golf courses, our fleet gives us the correct performance to reach all airfields in order to minimise road transfers.

The luxury private aircraft:

King Air 90 - 4 Golfers

King Air 200 - 6 Golfers

King Air 1900 - 14 Golfers

Pilatus PC 12 - 8 Golfers

Even though the Golf Air Team will suggest a certain type Aircraft for you custom journey, you are not bound to the fleet and can request any aircraft type. We'll make it happen.

www.golfair.co.za

The Golf Air Team met in 2002. They were both professional musicians at this stage. Rozelle, also a first year law student at the University of Pretoria at the time, had booked Alwyn for a jazz show in South Africa after he had been living in Hong Kong for a few months. He had already finished his studies in Jazz with piano as main instrument. Both Alwyn and Roz kept on working together as musicians for years whilst she also pursued a career in law and Alwyn a career in Golf, joining the PGA of South Africa, finishing his apprenticeship and starting to work as Head Golf Professional for Rovos Rail (Pty) Ltd. They both kept the love for jazz alive and kept in touch through work.

In 2011, the two decided that it was time to meet up more often. The rest is history.

Alwyn started the long journey to become a Commercial Pilot whilst Roz finished pupillage and became an Advocate of the High Court of South Africa. While Al was finishing his training as a Commercial Pilot, Roz did a lot of flying with Al, and fell in love with Aircraft and Aviation as much as Alwyn did. In between all of this, Alwyn was very actively busy with Rovos Rail and music, as was Roz.

In 2014 a dream was born. One called Golf Air. It was big, but Roz and Al had decided that, with their combined love for Aviation, their different skill sets and their love for tourism as well as conservation in Africa, this was a dream they could not let go of. Being fortunate enough to live in one of the most beautiful countries in the world, made this even better.

We are thankful for the opportunity to be able to work together, dream together, to disagree and agree on so many things. Above all, we are thankful for each and every person who has crossed our path throughout this journey, who has mentored us, believed in us and who keeps on doing so when the going gets tough.

We know that all of what we have is Grace and we'll keep on paying it forward - #GOLFAIR

Explore every beautiful corner of Southern Africa and its stunning, world-renowned golf courses with Golf Air. We connect Safari, luxury resorts, top rated golf courses, magical excursions and the people playing the game with the freedom of Private Aviation. Our destinations are carefully hand-picked by our team with combined experience in the exclusive travel industry of over 20 years.

Luxury and comfort is what our guests can expect. Our carefully designed, custom packages are fully inclusive of private flights in Southern Africa, together with accommodation, excursions, meals, premium local bar, golf, carts, caddies, prizes and surprises. The Aircraft is yours for the duration of your journey. There are no check-ins, no queues and no waiting. You'll walk straight onto the Aircraft from the private road transfer or from the golf course.

Tailor-made private Golf Air charters take you on a journey to the most remote airports with close proximity to the Golf Courses and Resorts to minimise road transfers and save time. No destination is out of reach for Golf Air.

www.golfair.co.za

Our Mission is to offer golfing holidays by Air via private charters to top golf destinations in and around Southern Africa, combined with Safari, wine and food and all the other spectacular activities that this continent has to offer.

We are able to plan set packages or customize trips and we aim to make any holiday booked with the Golf Air team, unforgettable.

As a bucket list type holiday, our approach to reach our market is through excellence in product and service, as we do not only love what we do, but we have an absolute passion to create work wherever we fly, as Africa is as hungry as she is beautiful.

We plan to make this a bit better through creating jobs as the Golf Air grows, as well as through our incentive programs to not only Golf Professionals, but to those who are good at selling our product and are as passionate about Golf Air as we are.

We firmly believe that everyone deserves a chance and that most need one helping hand to give them a push in the right direction.

May we be fortunate enough to be able to do exactly this through making your dream holiday a reality whilst creating opportunities for many who strive for them.

Our Vision is to become a Global Golf Tour Operator called Golf Air Global.

We would love to fly tourists from all over the world around the world to play to best courses around the world in ultimate luxury, whilst hosting this, taking care of your every need.

Our big aim is to do one Global round-trip per annum where we play golf on all continents. Now doesn't that sound like the best plan ever? We will not veer from one core principal - to pay it forward.

Even though our objective is to become a Global Company, doing trips in the USA, Africa, Asia, Russia and Australia, we'll always come back to the beautiful Mother City, Cape Town.

We are proudly South African and believe that everyone should explore this beautiful country at least once.

Thank you for your interest in Golf Air.

Mike
